
Cyber Spider offers a unique and bespoke service to case managers, solicitors, courts, and social services teams which is unavailable anywhere else in the UK.

If you have responsibility for a vulnerable client with **any** of the following safeguarding issues we can help:

- using digital devices on the internet safely
- having problems with scams or fraud on the internet
- issues on or wanting to use dating sites
- using or accessing potentially illegal porn sites or extreme materials
- receiving threats or having problems on social media
- wishing to use social media, gaming or dating sites safely
- Court of Protection considerations around internet use
- capacity issues around use of the internet
- best interests advice regarding use of the internet
- any other problem related to device or internet use

DBS checked ICO registered GDPR compliant

IF YOU HAVE ANY QUESTIONS, OR WISH TO ARRANGE A CLIENT VULNERABILITY ASSESSMENT, JUST CONTACT US ON INFO@CYBER-SPIDER.CO.UK

OR PHONE 01709 288868

WHAT WE DO

1. A full audit of all devices and services and apps being used by the client
2. A written report identifying dangers along with advice and recommendations
3. Follow up support and guidance around client digital risk management
4. Recommendations together with installation or setup of existing or new devices
5. Support and guidance to MDTs, Best Interests meetings etc.
6. Online training course called, "[Staying Safe in a Cyber World](#)" for clients, family, Support Staff, Social Workers, Case Managers and Solicitors
7. One to one, or classroom, training in Cyber risk management
