EXAM READER 2™

Enable students to reach their potential in SATs

The impact of lost learning time in recent years has lead to a significant increase in students unable to read at age-appropriate levels. Age -appropriate reading materials can be accessed by any student using Exam Reader 2™ in SATs.

More user-friendly interface

Long-life rechargeable battery

More accurate text recognition

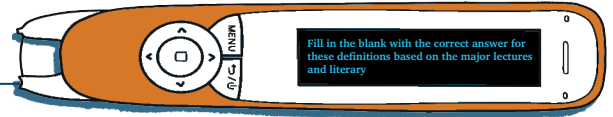

FREE TRIALS AVAILABLE!

The C-Pen Exam Reader 2™ is a supportive tool for anyone with reading difficulties. It will enable students to be independent and focussed in tests, removing distractions or embarrassment that a human reader may present. This discreet, pocket-sized pen can provide support at the point of need in tests but can also be used within the classroom environment to support students to read materials they struggle with and therefore access learning.

Benefits of the C-Pen Exam Reader 2™

Text-to-Speech — Reads exam questions aloud so students understand them without assistance, boosting reading independence and confidence.

Supports Multiple Languages — Includes English, Spanish, French, Italian, German, Swedish, Danish, Norwegian, Dutch, Portuguese, Russian and Chinese. **Does Not Translate*

Compact and discreet — With an ergonomic, sleek and appealing high-tech feel, it is a support any student would feel confident and proud to use.

Long Life Battery — The rechargeable battery provides up to 8 hours runtime from a single charge.

Saves Money & Time — Specifically designed for use in exam rooms, saving schools additional expenses.

The C-Pen Exam Reader 2™ is permitted to be used in Key Stage 2 SATs*, without an application to the STA, as long it is a part of a student's regular way of working and notification of use is provided.

*It is not permitted to be used for the Reading Paper.

“My school gave me the pen so I could become more confident. At the start of Year 6 I was scared to read in front of everybody else in case I read out a word wrong. So I used the pen to help me pronounce the words right so now I feel happy to come to school and read in the mornings.”

- Year 6 Student, Yardley Primary School

“I have really enjoyed using the C-Pen Exam Reader 2™, it has given me independence, helped me break down big words, and understand what I am reading when using it to read questions.” - **Year 6 Student, Gosberton Academy**

“I initially identified one student in my class to use the scanning pen as she is dyslexic and has processing difficulties. We often give her pre-teaching exercises to do before class so she is more confident with the text when it comes up in the lesson. Using scanning pens with her pre-teaching work has definitely improved her confidence.” - **Stephanie Kennedy, Year 4 Teacher, Tufnell Park Primary**

C-Pen Exam Reader 2™ Free Support

Implementation Guide: Wider Deployment Approaches

In this helpful implementation guide you will find QR codes to video resources, strategies for evaluating the success of using Reader Pen 2™ in the classroom and top tips. This carefully written resource explains how you can also use this reading tool to support tests, assessments and SATs.

What the C-Pen Exam Reader 2™ can do for you...

The C-Pen Exam Reader 2™ removes the need for a human reader or separate rooms, therefore reducing exam anxieties and embarrassment and enabling the student to independently access test questions. The C-Pen Exam Reader 2™ can become the consistent voice a learner needs to focus and feel confident, whilst ensuring the tests assess the relevant skills and knowledge rather than the reading ability.

Alternative to a human reader

Supports multiple languages

Wider range of voices and accents

OTHER AWARD-WINNING SUPPORT AND READING DEVICES

**C-PEN
