# ReadSpeaker for Education

READSPEAKER TECHNOLOGY MAKES CONTENT MORE ENGAGING AND ACCESSIBLE TO MORE LEARNERS WITH AUDIO-ENHANCED LEARNING TOOLS.

ReadSpeaker technology allows you to add voice to all course content, quickly and easily, providing a suite of audio-enhanced learning tools. See how you can improve accessibility, respect UDL, provide accommodations, support diverse learners with varying learning preferences, and help students succeed with the ReadSpeaker features below.

ReadSpeaker
pioneering voice technology

Text to Speech
Reads web pages (content, quizzes, discussions, announcements, etc.) inside the LMS, assisting learners who require or prefer an alternative to text.

MP3 Download
Save audio files of speech-enabled text to access at any time, even while off-line.

Simultaneous Highlighting
Words and sentences are highlighted in color, making it easy to read along as you listen.

Translation
Translate a word or phrase and have the text read in the target language*.

Settings
Personalize reading speed, highlighting colors, and more.

Dictionary
Select a word and find its definition in the dictionary*, assisting with strengthening vocabulary.

Reading Languages
50+ languages* and 200+ voices to choose from.

Document Reading
View and listen to documents on any device with no plugins required, aiding in accessibility.

Read on Hover
Hover over a paragraph of text and it will read aloud automatically.

Browser extensions
Google Chrome, Opera, Microsoft Edge, and Mozilla Firefox.

Enlarge Text
Text being read is displayed at the bottom of the page in large font size, aids not only low vision, but also distracted readers.

Reading, Writing, and Studying Tools
Access to an easy-to-use tool, especially designed for listening to personal documents, annotating research, dictation and more.

Text Mode
View and listen to a clutter-free version of the web page with text only in your preferred font, size, and colors.

Accessibility
The Listen button, the player, and the toolbar are fully keyboard accessible.

Page Mask
Horizontal bar moves along with the reading, shading the rest of the screen, aiding in reducing distractions.

Help
Clear instructions on how to use each feature including keyboard navigation access keys.
